

News Release

April 15, 2004

FOR IMMEDIATE RELEASE

ParaFX.com Launches New Website.

ParaFX.com has launched our new site. This site has been developed to provide customers more in-depth information about our services, and making best use of it.

This new site boasts such enhancements as:

- A Payment Information section containing new payment methods such as Online Bill Payment
- A new Support Forum found at <http://support.parafx.com>
- A New About Us section which provides more information on our Network Structure, and the enhancements that have been implemented since our beginning.

Generally the site has been overhauled to provide greater details on our services and offerings.

In addition to our new site, we are also presently overhauling our support forum to provide more information on how to use your services effectively. Our complete hosting manual is still available from our main site, however we are also posting the complete manual in our support forum to provide you with the ability to search for information on your service.

About ParaFX.com

ParaFX.com is a privately owned Internet Hosting Services Provider operating in Toronto, Canada. ParaFX.com, unlike many other service providers, work with partners and clients to provide a higher and more personal level of service. ParaFX.com prides itself in being able to provide customers with direct support and service from the owners directly, which ensure customers get the support they require in record turn-around time. ParaFX.com is a leading provider of Web hosting services to graduating students of post-secondary institutions such as Humber College of Applied Arts and Technology. ParaFX.com meets the needs of new designers and developers in this industry by working directly with post-secondary institutions to provide a cost effective portfolio hosting solution to students upon completion of their educational career. ParaFX.com has developed and will continue to develop an extensive and expandable hosting infrastructure that will prove to have the means to offer services never before available from conventional hosting providers. Through our focused operation, we will pursue a level of hosting services that will continue to exceed client expectations.
