FOR IMMEDIATE RELEASE

ParaFX.com Launches System Wide Package Upgrade

ParaFX.com has been working extensively over the past few months to enhance our service offerings.

ParaFX.com is pleased to announce that we have increased our Windows and Linux hosting packages to offer double the capacity. Customers can now enjoy double the webspace and email accounts and the same value pricing.

Customers who subscribe to our Windows or Linux shared hosting packages will automatically receive their disk space upgrade and additional email account capacity seamlessly. The upgrade is effective as of this news update.

This enhancement is based on customer feedback, and we thank customers for their feedback that helps us to develop additional services and features.

Questions or concerns can be directed to support@parafx.com

About ParaFX.com

ParaFX.com is a privately owned Internet Hosting Services Provider operating in Toronto, Canada. ParaFX.com, unlike many other service providers, work with partners and clients to provide a higher and more personal level of service. ParaFX.com prides itself in being able to provide customers with direct support and service from the owners directly, which ensure customers get the support they require in record turn-around time. ParaFX.com is a leading provider of Web hosting services to graduating students of post-secondary institutions such as Humber College of Applied Arts and Technology. ParaFX.com meets the needs of new designers and developers in this industry by working directly with post-secondary institutions to provide a cost effective portfolio hosting solution to students upon completion of their educational career. ParaFX.com has developed and will continue to develop an extensive and expandable hosting infrastructure that will prove to have the means to offer services never before available from conventional hosting providers. Through our focused operation, we will pursue a level of hosting services that will continue to exceed client expectations.
