FOR IMMEDIATE RELEASE

ParaFX.com Celebrates its 5th Year of Operation.

ParaFX.com is proud to celebrate our fifth year of operation. ParaFX.com was founded in November of 2000 during the downscale of the "DOT-COM" industry. Launching the operation in December of that year, proved to be a challenge, but a challenge worth meeting.

Since then, thanks to the hard work of all the founding members, partners, associates and individual customers; ParaFX.com has proven to be a constant growing success.

ParaFX.com continues to grow and meet challenges that many companies have not been able to. Our customer feedback continues to be our greatest reward.

ParaFX.com was founded on the principals that each and every customer is our greatest value, and that has certainly proven so.

ParaFX.com would like to thank all our customers for providing us their business; suggestions and support in helping us make our service what it is today.

About ParaFX.com

ParaFX.com is a privately owned Internet Hosting Services Provider operating in Toronto, Canada. ParaFX.com, unlike many other service providers, work with partners and clients to provide a higher and more personal level of service. ParaFX.com prides itself in being able to provide customers with direct support and service from the owners directly, which ensure customers get the support they require in record turn-around time. ParaFX.com is a leading provider of Web hosting services to graduating students of post-secondary institutions such as Humber College of Applied Arts and Technology. ParaFX.com meets the needs of new designers and developers in this industry by working directly with post-secondary institutions to provide a cost effective portfolio hosting solution to students upon completion of their educational career. ParaFX.com has developed and will continue to develop an extensive and expandable hosting infrastructure that will prove to have the means to offer services never before available from conventional hosting providers. Through our focused operation, we will pursue a level of hosting services that will continue to exceed client expectations.
