

News Release

Oct 05, 2005

FOR IMMEDIATE RELEASE

ParaFX.com Launches new WebMail!

ParaFX.com has been working extensively over the past few months to enhance our service offerings. ParaFX.com is pleased to announce that we have launched a new WebMail interface to provide customers a more friendly appearance and more features

Our new WebMail interface has been made available to all existing subscribers of our Hosting Solutions. The new interface provides a friendlier interaction when checking email remotely. This new interface boasts an appearance comparable to most email clients while also offering greater features and functionality at no additional cost to our subscribers.

Some new features include:

- Calendar in Folder list to manage tasks and appointments
- Out of Office / Vacation auto-responder message
- Weather reporting
- Message language translation
- Enhanced HTML composer

We value our customers and their suggestions and this upgrade was made possible by the helpful suggestions of our client base. ParaFX.com wishes to thank our customers for their continued support and patronage.

About ParaFX.com

ParaFX.com is a privately owned Internet Hosting Services Provider operating in Toronto, Canada. ParaFX.com, unlike many other service providers, work with partners and clients to provide a higher and more personal level of service. ParaFX.com prides itself in being able to provide customers with direct support and service from the owners directly, which ensure customers get the support they require in record turn-around time. ParaFX.com is a leading provider of Web hosting services to graduating students of post-secondary institutions such as Humber College of Applied Arts and Technology. ParaFX.com meets the needs of new designers and developers in this industry by working directly with post-secondary institutions to provide a cost effective portfolio hosting solution to students upon completion of their educational career. ParaFX.com has developed and will continue to develop an extensive and expandable hosting infrastructure that will prove to have the means to offer services never before available from conventional hosting providers. Through our focused operation, we will pursue a level of hosting services that will continue to exceed client expectations.
